Safety Officer – Kelowna

Description

SAFETY OFFICER

Description

If you are passionate about safety and experienced in health and safety management within the construction industry, we invite you to forward us your resume for consideration as **Safety Officer**.

Your Purpose

You will foster a culture of health and safety at Meridian's construction sites and ensure every worker returns home safely at the end of each day.

What You'll Be Doing

You will ensure health and safety expectations are being met by workers and maintain compliance by all with our Safety Management Program and OH&S regulations. You will ensure Meridian maintains COR certification and lead a high standard of safety within the organization.

Key areas of responsibility:

- Enforce safe work practices by all workers at all times
- Identify, control and eliminate hazards on site
- Conduct site orientations, safety meetings and site inspections
- Investigate and report on all incidents
- Obtain and audit safety forms from all workers
- Complete safety reports daily/weekly
- Ensure proper safety training/certification of workers
- Create safe work practices and procedures
- Set up and maintain Occupational Health Committee

How You'll Succeed

- You are passionate about safety and make it your mission to ensure everyone returns home safely at the end of each day
- You have clear communication skills and are able to positively influence others to adopt safe working habits

Hiring organization

Meridian Development
